

Dear Community,  
School of Enrichment is excited to offer an extended menu of our popular summer camps once again! If your child is already enrolled in our program, camp involvement on their scheduled days is just another bonus of attending School of Enrichment! Or, if you plan on taking some time off this summer, we welcome you to keep your "campers" busy and engaged by enrolling in our amazing and enriching camps.

### Around the World Expedition Camp

June 21-25

Children attending this camp will travel the world in five days in full Enrichment style. We will be packing our bags and traveling to exciting adventures around the world and right here in our own backyard. Each day of camp the children will explore a new marvel and diverse part of the world around them.

Day 1 ~ "South of the Border"

Day 2 ~ "Latin American Wonders"

Day 3 ~ "National Parks"

Day 4 ~ "African Safari"

Day 5 ~ "China Cultural Expeditions"

### Green Kids

June 28-July 2

Reduce, Reuse, Recycle! This camp will inspire kids to save our planet. We will learn ways to help our community stay beautiful and safe for generations to come. Children will be excited to participate in hands on activities while becoming the next generation of altruistic little ones.

### Orbit Endeavors

July 5-9

Blast off! This NASA inspired camp will take kids where no man has gone before. We will blast off each day to explore the places and language of Space. Kids will be immersed with space projects and explorative learning about planets and their orbit.

### Acting Camp

July 12-16

Calling all actors and drama queens! Learn the basics from stage left to stage right. And all of the skills to be out of sight! This camp inspires kids who are comfortable being in the center of it all and those who are new to being in the spotlight. Emphasis on social development, self esteem and confidence building activities! Families and friends can expect a final performance at the end of the week.

### Super Science Camp

July 19-23

School of Enrichment at Cascades Academy  
2150 NE Studio Road Bend Oregon  
schoolofenrichment@gmail.com  
(541) 771.1257

Speed of light! Learn the language and explore the literacy of Super Science.

Kids will be busy mixing up experiments, and getting messy with outside learning. Children will explore animals and their habitats around the world from the icy glaciers to the hot deserts. The children's learning developments and amazing science adventures will all be kept in their "Daily Research Journals".

#### Music in Motion Camp

July 26-30

It's their time to shine! Children will compare and contrast all Genres of Music while moving their bodies to diverse varieties of music and rhythm such as Reggae, Happenin' Hip Hop and Kickin' it up Country. Children will enjoy group and individual performances.

#### Culinary Kids Camp

August 2-6

Messy measuring, silly stirring, and magical meals! Does your child love helping in the kitchen? Then they will love this camp! Children will spend each day of this camp with elbow deep in sensory experiences and hands on learning about the language of cooking.

#### Art Original Camp

August 9-13

Calling all artists! Children who live for art will love this amazing camp. Each day of camp your child will learn about the elements of art and explore art literacy and history. Children will be creating their own learning in drawing, painting, sculpting, and fantastic crafts.

#### Spanish Adventure Camp

August 16-20

Hola! Explore Spanish language, culture, traditions and customs during this week long Spanish Adventure Camp. Kids will participate in interactive Spanish lessons and Spanish themed activities throughout the week and will impress parents with their newly developed and expanded upon language skills!

#### Under the Water: Creatures and Crustacean

August 23-27

Hold your breath! Let's jump in to our suits and take a dive under the massive ocean! Children will never run out of animals to study in this class and never get tired of the many themed projects throughout their fun week. We will start with the very small creatures and move to the biggest animal in the world! Can you guess it?
